

Warehouse & Logistics

Specialised partitions, screens, curtains and external structures

Flexiwall® industrial partitioning

- Reinforced fabric partition wall with quick, clean installation
- Range of materials to suit dust, cross-contamination or temperature needs
- Installed to any height/length and between racking
- Reconfigurable and relocatable

Flexiscreen® high grade building screen

- Reinforced fabric building screen with over 99% dust tight seal
- Minimum disruption during install and can be moved and adapted during phased works
- Wind load and structural calculations for external projects

Flexicurtain® industrial curtain

- Internal or external reinforced fabric retractable curtain
- Fits to open structure to create extra storage space
- Weather resistant with wind load straps

HOARD FAST®

- Quick and clean to install modular system
- Use as a temporary screen or permanent partition
- Free-standing or floor-to-ceiling, and hire/purchase options available

Flexistrukture® temporary external building

- Temporary to semi-permanent buildings and canopies
- Standard size or custom made to suit requirements
- Either coated PVC fabric, single layer steel clad or insulated panel sides
