

# Hoardfast® *industrial partitioning*

Protectors of  
*momentum*

**Hoardfast® is a modular, quick-to-install, internal partition wall.** Create part-height free-standing, or floor-to-ceiling fixed (up to 5m), semi-permanent partition walls to divide large open areas, create enclosed workspaces, offices, and restricted access zones. The Hoardfast range includes sound reduction and fire protection panels, multiple stability/support options plus accessories for a customised solution. Installation is quick and clean to minimise disruption to employees and ongoing operations.

## Features and benefits

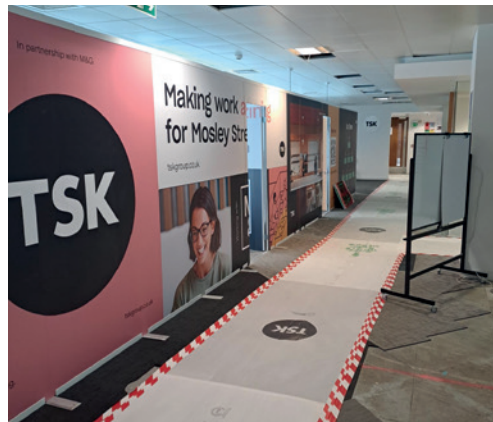

Range of panel types, and support/stability options	<ul style="list-style-type: none"> <li>Panel types to suit project requirements (e.g. sound reducing and fire protection panels to meet H&amp;S compliance)</li> <li>30 minute and 60 minute fire rated panels installed floor-to-ceiling (up to 5m) for fire-rated protection</li> <li>Sound reduction panel offers up to 34dB when fixed floor-to-ceiling</li> <li>Steel panels and stability options (supports/weights) for occupied areas which meet H&amp;S crowd loading standards</li> <li>Wipe clean panels suitable for sensitive environments</li> </ul>
Modular design	<ul style="list-style-type: none"> <li>Easy to configure walls (zones, walkways and workspaces)</li> <li>Easy to install in tight spaces compared to traditional partitioning</li> <li>Easily adapt, reconfigure or relocate when needs change</li> <li>Use part-height to create a solid base, with Flexiwall® above to deliver 5m+ floor-to-ceiling partition wall solution</li> </ul>
Quick and clean installation method	<ul style="list-style-type: none"> <li>Minimal impact on production and operation schedules</li> <li>Panels can be pre-cut off site on request</li> </ul>
Range of doors and accessories	<ul style="list-style-type: none"> <li>Incorporate Hoardfast® single or double PVC pedestrian doors, Anchorwall® steel pedestrian doors, Fastflex® fast action doors, Flexistrip® PVC strip doors, Flexidoor® crash doors and Easiguard® crash barriers</li> </ul>
Reusable and relocatable	<ul style="list-style-type: none"> <li>Sustainable – install, demount and reuse multiple times to reduce waste and environmental impact</li> <li>PVC panels made from 85% recycled PVC and recyclable at end of life</li> </ul>
Purchase and installation options	<ul style="list-style-type: none"> <li>Hire or purchase – pricing to suit budget and project requirements (*Hire dependent on panel type)</li> <li>Self-installation (supply only) or Westgate Global installation (supply/install) available</li> </ul>
Express delivery	<ul style="list-style-type: none"> <li>Large UK stock available</li> </ul>

# Technical specifications

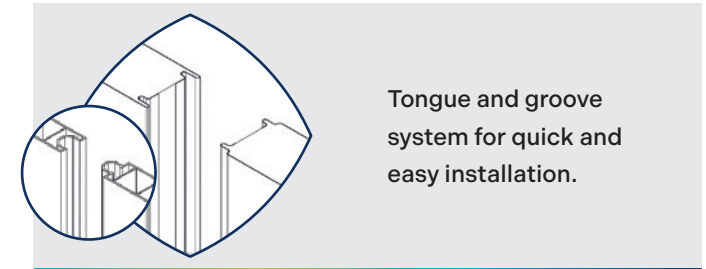

Material performance	
Panel material composite	PVC: hollow fluted PVC Firescreen EI30/EI60: steel faced mineral wool filled Soundscreen: steel faced mineral wool filled
Panel fire rating	PVC: BS 476 Part 7 Class 1 (Spread of Flame) and EN 13501-1 C-s3-d0 (35mm panel only) Firescreen 30 / Firescreen 60: EN 13501-1 A2-s1-d0 and EN 13501-2 EI30/EI60 fire resistance (EI60 capable of achieving up to 1-hour fire retardancy) Soundscreen: EN 13501-1 A2-s1-d0
Panel weights	Between 8.00 - 17.9m <sup>2</sup>
Panel heights	Between 1.12 - 5.00m
Panel widths	Between 500 - 1000mm
Panel thickness	Between 30 - 80mm
Sound reduction	Up to 34dB
Support/stability options	Floor-to-ceiling (up to 5m): Supplied with u-channel fixings Free-standing: bolt down, equal Free-standing (with weights): offset weighted and universal

Hoardfast can also be used as temporary hoarding – isolate areas during construction, refurbishment and fit out projects to control access, reduce noise and prevent dust spread. Create temporary internal site offices and welfare rooms for on-site contractors.
